I design software solutions (large website applications, microservices, REST API) with newest and modern technology stack (ASP.NET MVC, .net Core, Angular, Javascript, jQuery, SQL). I help companies to build better software and teams.

EXPERIENCE

OCTOBER 2020 – APRIL 2021

SOFTWARE DEVELOPER CONTRACTOR, NAPA, HELSINKI, FINLAND

> Naval shipping optimization using reports (AIS, noon) from ships. Route calculation for maritime voyage optimization.

DECEMBER 2019 – OCTOBER 2020

TECHNICAL TEAM LEADER, JACTRAVEL, WEBBEDS, LONDON UK

> Leading enterprise website solution that facilitates operations of booking for aprox. 50.000 agencies (similar with booking.com) and management of communication with suppliers (API), mapping of hotels, destinations, rooms.
> I assigned tasks to team members and I offered technical assistance to other business units, coordinating releases for projects according our Agile Sprint.
> I developed in C#, .net Core, jQuery a solution that facilitates request interpretation for many supplier's methods to a common suite of methods like: Book, Cancel Booking, Cancel Policy, Booking Details, Hotel Details.

OCTOBER 2016 – DECEMBER 2019

ASSOCIATE SOFTWARE DEVELOPER, JACTRAVEL, WEBBEDS, LONDON UK

> I developed integration of intragroup brokerage hotel booking systems with almost all global travel wholesalers. I integrated their APIs for booking and searching hotels with JacTravel and TotalStay's B2B platforms.
> I was responsible for establishing windows services and web applications that centralize, display and monitorize the content of a database, with the possibility to perform different tasks for bookings made through our systems. - .NET, C#, SQL Server 2008 R2.
> I also transferred knowledge of project planning and implementation to other (new) members of the team and I had responsibilities in deploying solutions to clients and supervising the installation process.

JUNE 2016 – AUG 2017

SOFTWARE ARCHITECT, MEDICLICK

> I created the software architecture and product development for Medical Booking Appointment with technology support and development provided for medical clinics and independent Doctors.

SOFTWARE DEVELOPER, CENTRAL DEPOSITARY (BUCHAREST STOCK EXCHANGE)

> I was responsible for improvement and new development of software solutions for Shareholder's Registry and profit delivered to shareholders.
> Fully responsible for the quality of software, workflow, development, testing and quality.
> C#, sockets, WCF, oracle 11G, Oracle 12G, SQLite.

FEBRUARY 2015 – DECEMBER 2015

IT PROJECT MANAGER, NOVART ENGINEERING

> I acted as an interface between shareholder's business requirements and software development projects by advising them how to use information technology in order to meet their business objectives and overcome problems.
> I was appointed to develop from scratch an enterprise IT project that sell data models under a standardized format ISO 16739: 2013 to their accredited BIM partners.
> I wrote IT&C documentation for implementation side of a public project financed by EU institutions.

JUNE 2013 – MAY 2014

.NET SOFTWARE DEVELOPER, ACRELEC SOFTWARE

> Acrelec Software provides digital communication solutions, ordering solutions, McDonald's, KFC, Burger King. I developed order, collect and delivery solutions for restaurants.
> I was involved in all stages of development for analysis, processing, display, reporting and control of data collected from the acquisition board (Arduino) into a project called Sentinel Reports.
> I improved the WCF services to collect and process data from the acquisition board and I developed different features for a web platform that displays data, builds BI reports, creates email alerts and manipulates data processing workflow.
> I was a member of Fast Food Ordering Kiosk development team for McDonald's Austria and France. I developed a time-tracking solution for drive-thru delivery (like Mc Drive).I developed a management and reporting solution for restaurant devices.
> Main technologies used: C#, SQL Server, SQLite, JavaScript, jQuery.

EDUCATION

JUNE 2013

MASTER DEGREE, BUCHAREST UNIVERSITY OF ECONOMIC STUDIES

> MASTER DEGREE IN INFORMATICS PROJECT MANAGEMENT

JUNE 2010

BACHELOR DEGREE, UNIVERSITY OF BUCHAREST

> BACHELOR DEGREE IN INFORMATICS

SKILLS

- SCRUM MASTER
- JIRA / CONFLUENCE
- Git, bitBucket

- ASP.NET, ASP.NET MVC, ASP.NET CORE
- JAVASCRIPT, JQUERY, ANGULAR, HTML, CSS
- C#, SQL SERVER, SOAPUI
